US spy-tech firm
Palantir a £330 million
contract to create the
Federated Data Platform
(FDP).

technology and
data analytics.

IN OUR

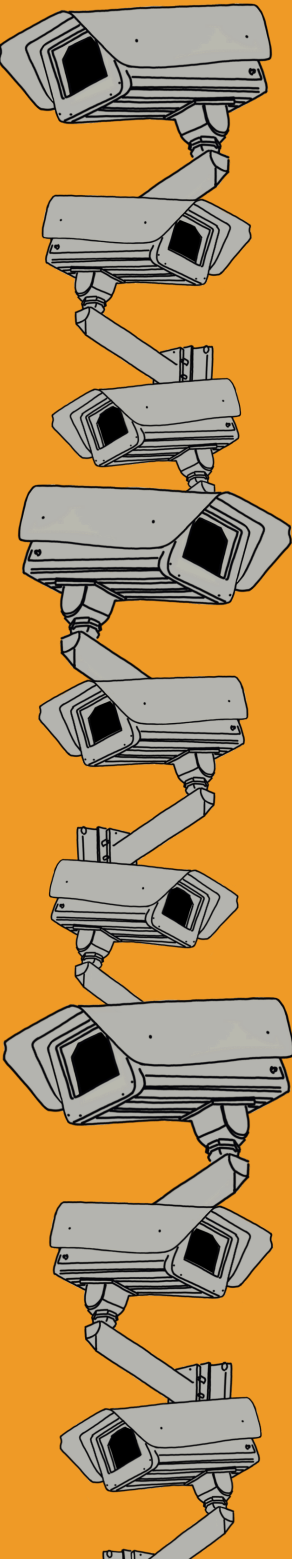

In January 2024, Palantir signed a new deal with the Israeli Occupation Forces (IOF) to supply technology to support the genocide in Gaza. Palantir supplies Israel with racist "predictive policing" tech used to harrass & detain Palestinians.

NHS ENGLAND HAS HANDED THEM OUR HEALTH DATA AND PUBLIC MONEY.

FREE PALESTINE**

NHS PRIVATISATION

Instead of using in-house skills, NHS England's choice of Palantir as a supplier increases privatisation, outsourcing and vendor-lock in. During the pilot phase, an NHS trust stated that adopting the FDP meant they "would lose functionality rather than gain it".

DATA SECURITY

The contract expands state surveillance of our health data, especially for migrants who the Home Office already track. Amnesty UK warn of Palantir's ability to train AI models using our personal data.

OUR DEMANDS:

- **CANCEL THE PALANTIR CONTRACT**
- **END THE PRIVATISATION, ASSET-STRIPPING AND OUTSOURCING OF THE NHS**
- **END ALL CONTRACTS WITH COMPANIES COMPLICIT IN THE ISRAELI OCCUPATION**
