NHS ENGLAND WORKERS: **HELP US CANCEL THE PALANTIR FDP CONTRACT**

In November 2023, NHS England awarded a £330 million contract to US spy-tech firm Palantir to create the Federated Data Platform (FDP).

Palantir specialise in AI-powered military and surveillance technology and data analytics. The company describes its military technologies as offering customers “*mission-tested capabilities, forged in the field*” .

PALANTIR ARE ARMING GENOCIDE

In January 2024, Palantir signed a new deal with the **Israeli Occupation Forces (IOF)** to supply technology to **support the genocide in Gaza**. Palantir’s CEO Alex Karp says he is “**exceedingly proud**” of Palantir’s involvement in what he calls “**operationally crucial operations in Israel.**”

Palantir supplies Israel with **racist “predictive policing” tech** used to **harrass & detain Palestinians**

NHS England has handed them **our health data and public money.**

NHS PRIVATISATION AND OUTSOURCING

NHSE could have used in-house skills to build a similar platform using open source software. It is not necessary for NHSE to be working with a company like Palantir - it is a choice to increase privatisation, outsourcing and vendor-lock in. Patients and health workers do not trust Palantir with their data, especially due to the removal of the opt-out.

WHAT CAN I DO NOW?

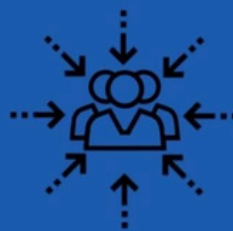

- Raise your concerns in work and talk to your colleagues about it
- Submit No Palantir motion to your trade union - template in toolkit
- Analysts: Upskill in open source software (e.g. R, Github)
- Join the campaign as an NHS England worker

We need pressure from the inside and outside to get this contract cancelled. If you are a worker horrified by this contract - you are not alone. Join us!
