DEMAND NHSE **CANCEL THE FDP CONTRACT**

In November 2023, NHS England awarded a £330 million contract to US spy-tech firm Palantir to create the Federated Data Platform (FDP).

Palantir specialise in AI-powered military and surveillance technology and data analytics. The company describes its military technologies as offering customers *“mission-tested capabilities, forged in the field”*.

PALANTIR ARE ARMING GENOCIDE

In January 2024, Palantir signed a new deal with the **Israeli Occupation Forces (IOF)** to supply technology to **support the genocide in Gaza**. Palantir’s CEO Alex Karp says he is **“exceedingly proud”** of Palantir’s involvement in what he calls **“operationally crucial operations in Israel.”**

Palantir supplies Israel with **racist “predictive policing” tech** used to **harrass & detain Palestinians**

NHS England has handed them **our health data and public money**. NHSE has complicity in the destruction of hospitals and innocent lives in Palestine.

TRUST MANDATE

In August 2024, Trusts were instructed to start using the FDP within 2 years, which is a significant u-turn as NHSE had previously stated that its use would not be mandatory.

NHS PRIVATISATION AND OUTSOURCING

NHSE could have used in-house skills to build a similar platform using open source software. It is not necessary for us to be working with a company like Palantir - it is a choice. Companies like Palantir profit while the NHS itself is struggling.

WHAT CAN I DO NOW?

- Ask your Trust not to sign up to FDP
- Analysts: Upskill in open source software (E.g. R, Github)
- Submit No Palantir motion to your trade union - template in toolkit
- Join the HW4FP campaign

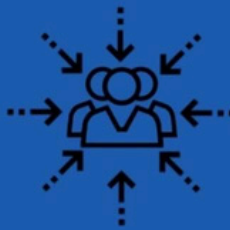

We need pressure from the inside and outside to get this contract cancelled. If you are a worker horrified by this contract - you are not alone. Join us!
